

The North American Soccer League

1973

THE Philadelphia Atoms joined the North American Soccer League for the 1973 season, increasing the membership to nine. A change of ownership in Atlanta saw the Chiefs become the Apollos while the Miami Gatos became the Miami Toros. The League was split into three divisions with the three division winners, plus the second place team with the most points, making the play-offs. Each team played 19 games with one of those games against the Mexican club Vera Cruz.

Starting this season, the NASL received permission from the USSFA, the Canadian Soccer Association and FIFA, to experiment with the offside rule. Under a concept similar to the "blue line" in ice hockey, offsidess in the League would

only be called when a player was within 35 yards of goal instead of from the half-way line.

Philadelphia, the new boys in the League, took the title playing under American-born coach Al Miller. Philadelphia won the title by beating Dallas Tornado 2-0 in Dallas in the single game final.

Two notable new names in the League this year were with the Miami Toros. Former Rangers and Scotland winger, Willie Henderson, moved to Florida as did former England international defender David Sadler, at that time at the end of his career with Manchester United and before he joined Preston North End.
