

Since 14th November 1964, 'kicker' magazine compiles the "Team of the Week" for each round of Bundesliga action. The following is the "Team of the Season" since 1964-65 based on the highest number of appearances in the weekly teams by position. If two players in the same position appeared the same number of times in the weekly teams, the player with the better average mark is selected.

After each player's name, the number of appearances is noted. The highest number of call-ups during a season is in bold.
