

Information on content

All information within the “Eredivisie” documents are taken from the newspapers „De Telegraaf“, “Leidse Courant” and “Nieuwe Leidsche Courant”.

Information on players (date of birth, previous clubs) is taken from “De Bijbel van de Eredivisie” by Evert Vermeer as well as various internet sources.

The lineups do not follow shirt numbering but portray actual tactical formations (in almost all cases 4-3-3).
